DICHIARAZIONE DEL COSTRUTTORE
PER IMPIANTI DI CLIMATIZZAZIONE IN POMPA CALORE

La società Daikin Air Conditioning Italy S.p.A. dichiara che gli impianti in pompa calore sotto riportati soddisfano i requisiti minimi per gli impianti a fonti rinnovabili per il riscaldamento e il raffrescamento previsti dall'art. 29 e dall'Allegato IV del Decreto Legislativo del 08 novembre 2021, n. 199, per accedere alle detrazioni delle spese sostenute per interventi di efficienza energetica del patrimonio edilizio esistente (cd "Bonus Casa", "Ecobonus" e "Superbonus").

Nota 1: Il codice materiale, dedicato alla vendita, presente in tutta la documentazione tecnica e commerciale e nella presente dichiarazione ed il codice prodotto, presente sulla targa dell'unità, possono differire in quanto quest'ultimo contiene informazioni aggiuntive, legate al lotto di produzione, che variano nel tempo, queste variazioni non comportano alcuna variazione delle caratteristiche e prestazioni della macchina. (Esempio: Codice materiale: 3MXM40M - codice prodotto 3MXM40M2V1B)

Nota 2: I codici delle unità chiller elencate nella presente dichiarazione, identificano le unità base (prive di opzioni installate); tutte le macchine effettivamente vendute e fatturate hanno invece un codice materiale che presenta alcuni caratteri o numeri nella parte finale del codice es. EWYQ160F-XS021 oppure EWYQ009ACV3P-H-; tali modelli sono perfettamente conformi ai requisiti richiesti per beneficiare dell'incentivo in quanto le eventuali opzioni montate sulle macchine non alterano le caratteristiche prestazionali delle stesse (es. EWYQ160F-XS021 ha esattamente le stesse prestazioni della EWYQ160F-XS), pertanto ai fini legali le unità vendute/fatturate risulteranno ammesse alla Detrazione/Bonus quando il corrispettivo codice base sarà incluso nell'elenco.

Nota 3: La desinenza ".P" nel codice materiale, identifica prodotti rietichettati per questioni logistiche. Il codice ***.P può quindi essere visibile su: fattura, documento di trasporto, etichetta dell'imballo, ecc. Rimarrà invece invariato il codice su: targhetta della macchina, documentazione tecnico/commerciale e presente dichiarazione. (Esempio: Codice materiale: FTXM25R - Codice materiale rietichettato FTXM25R.P)

Prestazioni rilevate in conformità alla Norma UNI EN 14511.

* Prestazioni rilevate con UE impegnata al 100%. Per il calcolo del sistema installato fare riferimento alla procedura pubblicata da Daikin nell'area riservata del sito aziendale e contattare quindi Daikin Air Conditioning Italy S.p.A.

Daikin Air Conditioning Italy S.p.A. non si assume responsabilità per eventuali errori o inesattezze nel contenuto di questo prospetto e si riserva il diritto di apportare ai suoi prodotti, in qualunque momento e senza preavviso, eventuali modifiche ritenute opportune per qualsiasi esigenza di carattere tecnico o commerciale.

Rappresentante legale: Mr. Geert Vos
